Braxton County Schools Announces New, Formal Snow Routes

This school year, Braxton County Schools will be adding a new option to be used during inclement weather. Safety will continue to be our top priority, and school will be cancelled when necessary. If Braxton County Schools announces the words "Snow Route," the buses will be picking up students at the designated "Snow Route" stops. Formal "Snow Route" announcements will be made via School Messenger call outs and via the WVDE School Closing website.

The changes are typically at the mouth of the hollows or along parts of the route that are difficult to drive when covered with ice or snow. Every student who rides a bus will receive a letter letting the student know his/her snow route bus stop.

If families are able to do so, they are to take their children to the designated stop. If families feel conditions are unsafe, they can choose to not send their children to school. In this case, families should send a note to school the following day, so the absence will not impact attendance incentives.

If questions, please call the student's school for additional information.

This Institution is an Equal Opportunity Provider and Employer
